

# The Great Reading Adventure User Guide

## Online Book

**Summary:** The online book is a simple slide show that allows for the pairing of a series of images with relevant text. Users advance through the book by clicking “next” arrows. Each page has the option for three different text difficulties (that the user self-selects) and audio. When a user finishes the online book, he/she can be awarded with points and/or a badge.

## Set up:

**Step 1:** Log into the GRA administrative interface.

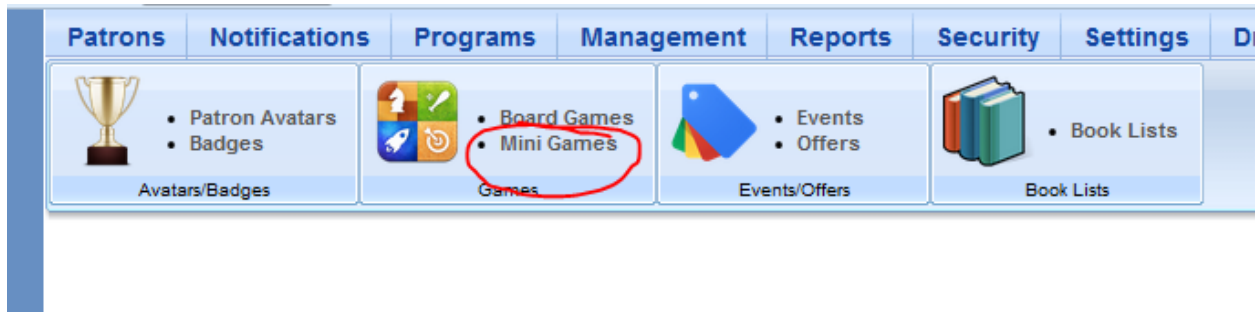

The screenshot shows the 'Control Room Login' interface. It features a title bar, a 'User Name:' label with a text input field and a red asterisk icon, a 'Password:' label with a text input field, and a 'Login' button. To the right is an illustration of a padlock with two people behind it. Below the login fields is a link for 'User Account Recovery'. The footer contains the text: 'STG Summer Reading Program Control Room (v 1.00) - Copyright (c) 2013-2014 - Built by Systems Technology Group, Inc. All Rights Reserved'.

**Step 2:** Click the “Management” tab.

**Step 3:** Click the “Mini Games” link.

**Step 4:** Click the “Add Record” icon.

## Minigames List

Mini Game Type		Admin Name
	 Online Book	Aligators Book
	 Mix-And-Match	Mix and Match
	 Code Breaker	Code Breaker

**Step 5:** Add your Mini Game:

## Mini Game Add

Mini Game Type:	Online Book
Admin Name:	kids_level2
Game Name:	Birds
Is Active?	<input checked="" type="checkbox"/>
# Points:	100
AwardedBadgeID:	Sample Badge 2

 

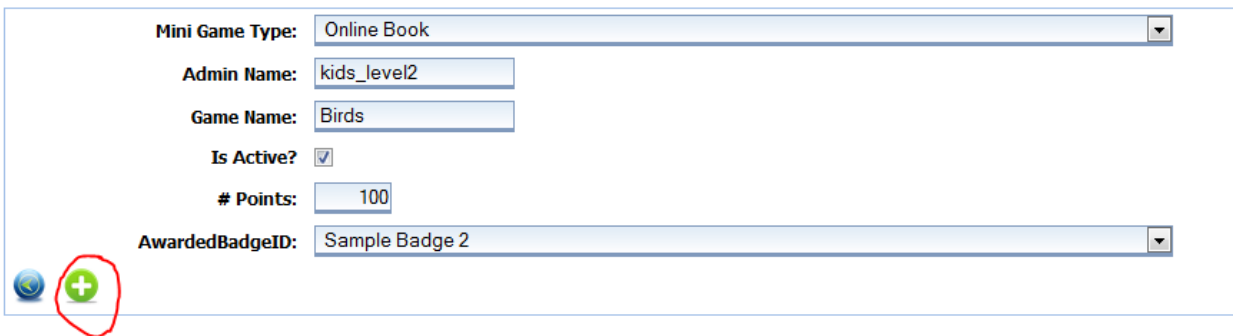

- **Mini Game Type:** Choose “Online Book” from the dropdown menu.
- **Admin name:** This is a descriptive name of your choosing that will appear in the admin interface.

- **Game Name:** This is the name that will be displayed to the public. The logical choice is the title of the book.
- **Is Active?:** This tells the system that the book is ready to be read and should be displayed in the game. If you're working on a live program, don't check this box until you've finished designing the book.
- **# Points:** This is the number of points a user will earn for completing the book.
- **AwardedBadgeID:** This allows you to select the badge a user earns for completing the book (see the how-to guide for adding badges to the system).

When all necessary fields are filled in, click the "add" icon.

By enabling medium and/or hard difficulty, your user will see a screen that prompts him/her to choose a difficulty when starting a book. It will look like this:

Regardless of which difficulty the user chooses, he/she will see the same series of images. Adding difficulty levels allows you to change the **text** that is presented to the user beneath the image.

**Step 7:** Click “Slides/Pages Setup” button
